

# Telecommunication Consultant, Consulting (Brussels)

## Organisation

Want to join a dynamic company that has grown from 6 to 850 people in Europe in 12 years?

Thanks to its innovating processes and original organisation, this company has become a leading consulting firm specialized in Management and Business Consulting.

To continue the development of their fast growing Brussels' office, they are willing to recruit a Consultant specialized in Marketing and Innovation.

## Function

You will work on challenging activities such as:

- Business analysis in the telecommunication sector (telephone operator, MVNO, telecom equipment provider)
- Consulting for the telecommunication networks:
  - ADSL, optical fibre
  - Core network, fixed-mobile convergence
  - 4G, radio, transmission

## Profile

- You hold a Masters' degree in Telecommunication or Engineering
- You have a relevant experience of minimum 1-2 years in consulting or in the telecommunication industry
- You have excellent communication skills and are able to work in Dutch, French and English
- You demonstrate ambition, high quality work, adaptability and enthusiasm
- You have a pioneering and leading spirit and are interested in building up our office

## Are you up for the challenge?
